

# **COMMUNITY RALLY TO OPPOSE OVER-DEVELOPMENT IN SUBURBAN STREETS**

**Saturday 5 June 2010 – 12 noon**

## **YOUR STREET COULD BE NEXT!**

Moonee Valley suburban streets are being targeted by developers for this kind of 3 to 4 storey development. The Moonee Valley Council is currently considering at least 30 applications like this for ordinary suburban streets. Instead of one household next door, you could soon have more than 27 people in up to 9 households next to you!

### **SAY NO!**

- ✘ They overshadow neighbours and remove local yards and gardens.**
- ✘ They create extra traffic and cause problems with street parking.**

**Join other concerned residents to fight over-development in Moonee Valley.**
